

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

von dem Verfasser.

Die Herausgabe eines Verzeichnisses der maurerischen Literatur Amerika's bedarf kaum einer Rechtfertigung. Da die amerikanischen Brüder im Allgemeinen die wissenschaftliche Seite unseres Bundes bisher zu sehr vernachlässigt haben, ist manche Schrift bereits vollständig aus dem Gesichtskreise des lebenden Geschlechts verschwunden; andere existiren nur in wenigen Exemplaren. Jetzt haben viele Logen und einzelne Brüder sich mit Eifer daran gemacht, Bibliotheken zu sammeln; da und dort wird der Geschichte des Maurerbundes mehr Aufmerksamkeit zugewendet, und man beginnt das Wahre und Haltbare von der Sage zu sondern. Aus dem Allen ergibt sich das Bedürfniss, als Grundlage weiterer Forschungen das, was von Maurern und über deren Gemeinschaft geschrieben und gedruckt worden, zur Kenntniss all derer zu bringen, die dafür Interesse haben. So tritt der erste Versuch einer Zusammenstellung des Arbeitsstoffes in die Welt. Derselbe macht keineswegs Anspruch auf Vollständigkeit; der Schwierigkeiten, die maurerischen Schriften des Landes kennen zu lernen, sind so viele, dass sie ohne zeitraubende und kostspielige Reisen gar nicht zu überwinden sind. Ich habe darnach gestrebt, die Bücher, deren Titel ich aufgenommen, so weit mir solches möglich war, mit eigenen Augen zu sehen. Sie sind nach den in Br. Kloss' grosser Bibliographie (Frankfurt a. M., 1844) aufgestellten Abschnitten geordnet und bilden so einen

Anhang zu dieser. In den Abschnitt V. mussten die Werke, die in Folge der politischen Maurerverfolgung (1826—1836) entstanden sind, mit Ausnahme der Zeitschriften und der Rituale, zusammengestellt werden, um allzugrosse Zersplitterung zu vermeiden; sie gehören ohnediess grösstentheils dahin. Den Brüdern meines neuen Vaterlandes bleibt es vorbehalten, das, was ich der Oeffentlichkeit übergeben habe, zu berichtigen und zu ergänzen; wenn ich veranlassen kann, dass eine *vollständige* maurerische Bibliographie Amerika's in Kürze meiner Leistung folgt und sie als unbedeutend verdrängt, ist mein Zweck erreicht.
